TFM wants you to get better soon and quickly. An IV or intravenous drip will achieve results faster and without any GI issues. Feel like you are coming down with flu or a cold, or just rundown from life in general? Get a boost with our Immunity IV, or the classic Power Myers or a Trace Minerals IV. Or get hydrated with 500 to 1000cc's of fluid if you are hungover or feeling dried out.

**Terms and Conditions**

Call to schedule at least 1 day in advance. All our IV's are 20% off on Fridays only.  
This pricing does not apply to packages.

**Exp: March 31, 2024**
